SELIGMAN.

[BY S. C. DOLE]

J. E. Jones, district attorney of Coconino county, was a visitor in town this week.

Mr. Harry Black, division foreman of the mechanical department at Seligman, is back again from San Bernardino where he has been on business.

Mr. B. Ilfeld, an Albuquerque merchant, was in Seligman the past week on business. He was very much surprised at the growth of the place.

Quite a number of the officials of the S. F. P. R. R. arrived last Saturday and remained until the arrival of No. 8, at which time they departed east.

Mrs. Richard Belton and Miss Laura Stanley, her sister, are home again from Albuquerque, where they have been visiting relatives for the past two months. Mrs. Belton is the wife of the popular agent at this place.

Miss Lizzie Bowland, who has been visiting with her brothers the past summer, leaves for her home in Illinois in a day or two. She has made many friends while here and will be very much missed. We wish her a safe and speedy return.

Mr. Joe Young, who has stock interests in this locality, was a welcome visitor in town this week. Joe contemplates bringing his mother and sister to reside in Seligman in the near future. They will be a welcome addition to our steadily increasing population.

Mr. and Mrs. L. D. Gale are back from the east where they have been visiting friends. While there they visited the Buffalo exposition, which, they say, was very well worth the trouble, time and expense. The trip has, from their looks, done them a world of good.

The librarian of the reading room acknowledges the receipt of a photograph of the building from Mrs. J. Sherman, which is gotten up very artistically. Mrs. Sherman is certainly an artist with the camera and could, if she turned her attention in that direction, become very successful, indeed.

The Rag dance, last Saturday eve, given by the ladies of Seligman, was the event of the season, some of the costumes were very "raggy," indeed, and created an unusual amount of merriment. The best, and we might say the worst gotten-up, were those of Mr. J. Sherman, manager of the Harvey house, and wife, and after due deliberation by the judges, of which there were three, they were awarded the prizes, which were two beautiful embroidered handkerchiefs—a large one for the gentleman and a smaller one for the lady.

ASH FORK.

[BY MISS ALICE FULTZ.]

Owing to failure on the part of our correspondent or the mails we have received no Ash Fork news this week.

WILLIAMS SCHOOL NOTES.

Monday the eighth grade will take up "Evangeline" for literary work.

Come up and hear the song, "Arizona," now being introduced in all the Arizona schools.

Wednesday we were favored in all the rooms by a call from Miss Neidecken, a teacher of the territory.

There have been a few more pupils enrolled this week, but sickness is still keeping several away so that our attendance is not much increased.

We feel sure in saying that no school in the territory can show any better penmanship than is being written every day by some of our boys and girls—wish we might say by all the boys and girls, but we refrain.

Experience and observation has shown us that the boy or girl who succeeds, either in school or college work, is the boy or girl who studies between 4 o'clock and 9 o'clock and who does not expect to get even the foundation of an education with only a small amount of work between 9 a. m. and 4 p. m. It is an up-hill road all the way, and so much the better, for those who succeed are so much stronger, and those who do not have the push, pluck and persistency to attain to these good things in store for any student, are not worthy of the palm of success and will never grasp it.

L. E. GIFFORD.
